

Simple Valentine Hearts

Hanging Hearts

Cut 6 strips of flexible thin card or thick paper - 2 sets of 3 different lengths. Bend the strips to make 2 loops and attach them to each other at the base, inserting a hanging loop of yarn, thin ribbon or string. Either glue them all together or merely staple them.

Confetti

Using a small heart punch, cut lots of little hearts to sprinkle on a dining table, breakfast tray or inside a card.

(If you cut from the perimeter of a rectangle of card, what's left could be turned into a bookmark with a message on the back.)

Bookmarks

Cut 2 hearts of different sizes, out of felt or card. Link them with string, yarn or thin ribbon.
